How Tom Scott Became Rich.

An interesting story is told by T. C. Curtis of Lowville, Columbia county, about Tom Scott, the millionaire lumberman, who died some years ago. Mr. Curtis came to Wisconsin in the forties and engaged in hauling goods from Milwaukee to the pineries. While in Milwaukee he met a young man who had fallen into ill luck. He had a few land warrants, however, from which he hoped to realize a few hundred dollars. These warrants were given to Mr. Curtis to sell. He afterward disposed of them for several times the amount the young man had expected to receive for them.

In the meantime the young fellow had come to New York city. The money was forwarded to him and reached him in a very opportune time, being the means of placing him in a position where he became, later, the head of one of the largest dry goods firms in the great metropolis.

Some years afterward Mr. Curtis visited New York, where he was joyously received and royally entertained by the merchant prince whom he had "placed on his feet," as he himself expressed it, a few years before. Tom Scott at this time had a sort of store at "the Rapids," but his stock had so dwindled down that he remarked to Curtis that he would have to do some hard scratching in order to obtain a new stock. Curtis, remembering his New York friend, signed a joint note with Scott and obtained from the gentleman the desired goods. "That," says Mr. Curtis, "was Tom Scott's starter in life."—Milwaukee Wisconsin.

The Butcher and His Customers.

"What're legs o' mutton selling for?" asked Griddlecrack, entering the butcher's shop of Cleaves.

Cleaves looks about him cautiously and then whispers, "We're asking 14, but we'll let you have it for 13."

"Come now," says Griddlecrack, "none of your shenanigans. You just sold a leg to Rabbago for 12½."

To this Cleaves promptly replies: "But not for such a notion as this. I could sell you such mutton as I sold to Rabbago for 10 cents—if I had any left."

"Nonsense! I saw you when you cut it off, and I know it came off the same sheep that this did."

Cleaves—You're a sharp one, you are, Griddlecrack. There's no getting the start of you. And nobody wants to. Leastwise, I don't. Let me tell you the dead truth about it. Griddlecrack, Rabbago's leg did come off the same critter, and I did sell him for 12½, but what's a fellow going to do? Rabbago is such a confoundedly close buyer, it's next to impossible to sell him. So when he came in just now I put the price way down, but he didn't get ahead of me so much as he thought he was going to. I cheated him on the weight—see?

Griddlecrack—Oh, that so? All right then; I'll take that leg.—Boston Transcript.

A European Idea.

One of the most characteristic features of European prisons as a whole is that prisoners are allowed to have a portion of their earnings. This system prevails in France, Germany, Italy, Switzerland, Russia, Sweden, Denmark and other countries. The amount earned by the prisoners varies considerably where it depends upon piece work. In France the average salary of the prisoner is 35 cents a day. Of this amount the prisoner is allowed to spend one-half while in prison for supplementary food and clothing, postage, etc., though no expenditure is made without the approval of the administration. The other half is reserved until the time of his discharge. A three years' prisoner has to his credit on leaving an average of \$60, a four years' prisoner \$70 and a five years' prisoner about \$90.—Chicago Record.

Experimenting.

Some gentlemen, cruising round a part of the Irish coast, observing that about the same hour every day a boat containing two men and a woman took its passengers from the shore, and after a short time returned with them, inquired the reason.

"My men," said one, "what makes you come out here every day? Is it that you like it so much?"

"Oh, your honor, not at all, but, your honor, the wife and me's going soon to Anxraly, and so we're just practicing the sayings, that we may be used to it when we start."

"Well, and do you find yourselves improving?"

"Ah, sure, your honor, the wife's ill every day, but she's getting on partly!"—Strand Magazine.

A Blighted Life.

"Farewell forever, then," cried the weeping girl. "We part, but the sorrow of this shall seal my young life for aye." In a paroxysm of grief uncontrollable she threw herself upon the couch as the street door slammed shut behind the haggard young man who had torn himself from her presence. Then hastily arising she brushed away the traces of tears and went down to match that lovely piece of holocauste.

THE GOLD MEN SQUIRMING.

Washington dispatches say the National Silver party causes considerable uneasiness in political circles at the National Capital. Heretofore the efforts of the silver men to accomplish anything definite, politically, at their several meetings in Washington signally failed. All they could do was to formulate resolutions and protests and send them out through the country. Now all this has changed. The last conference was an important meeting numerously attended and particularly enthusiastic, in which Republicans, Democrats and Populists fraternized on silver and pooled their issues on that question, eliminating all others. Heretofore the silver leaders would not fuse with the Populists because of their advocacy of various impracticable propositions such as were enunciated in the Omaha platform. Now the peculiar contentions of the Populists have been laid aside temporarily, if not entirely abandoned, and their leaders are willing to join hands solely on financial issues. This is the fact which seems to disturb the old party politicians since, if the consolidation is effected, Republican and Democratic supremacy will be jeopardized in Colorado, Idaho, Wyoming, Montana, Oregon, Washington, Nevada, Utah, Kansas, Nebraska, North Dakota, South Dakota, Minnesota, Illinois, Michigan, Indiana, Virginia, the two Carolinas, Georgia, Alabama, Arkansas, Tennessee, Texas and probably several other States.

It is feared by the old party manipulators the new organization will destroy old party lines, and if the new party is not successful at the polls in electing its Presidential candidate it will take the election into the House. In such an event each of the forty-five States of the Union would have one vote for President. As the members of Congress would vote for the candidate for which the electoral vote of the State they represented was cast, the free coinage nominee for President would have a plurality if not an actual majority of the States.

It is not surprising under the possibilities of the next election, when the issue of gold and silver coinage, the money of the constitution, and the single gold standard, the money of gold speculators, will be squarely presented to the people, that the followers of Cleveland and Carlisle, of Sherman and Reed, at Washington are manifestly uneasiness and expressing fears that the country will be released from the grip of the gold trust by the people of the United States next November.

NO COINAGE AT THE CARSON MINT.

Under the direction of Secretary Carnegie the Director of the Mint has sent orders to the Superintendents of the mints at Philadelphia, New Orleans and San Francisco to resume the coinage of silver dollars from the bullion purchased under the act of 1890. The monthly coinage of standard dollars is limited until further orders to 1,500,000, divided between the three mints as follows: Philadelphia, \$900,000; New Orleans, \$500,000; San Francisco, \$100,000.

The Carson mint is not included among those which are to resume the coinage of silver. That institution, owing to the peculiar methods introduced there some years ago, does not seem to be in high favor at Washington. To the fact that \$75,000 was stolen from the Government by those sworn to protect the public property at the Carson mint may now be attributed the other fact that it has not been ordered to resume the coinage of silver. Nor were the thieves who had access to the gold and silver belonging to the Government satisfied with what they could steal from the United States, as they systematically plundered depositors. The amount which they stole from those who confided bullion to their care will never be known except to themselves, unless some one in the secret, stricken by remorse, should make it public.

The resumption of coinage at Carson would give employment to about sixty persons and would result in an expenditure of several thousand dollars monthly among the business men of the town. That would be preferable to the honest people of the community to bribing witnesses to keep out of the way, to having experts from San Francisco at \$30 per day to attempt to delude jurors with the idea that thousands of dollars from the mint, known to have been melted at the Reno Reduction Works, escaped in relation through the mint sewer to somebody's potato patch, and to sending mint employees to State Prison for stealing and lawyers and local officers to jail for corrupting witnesses and jurors.

The Chairman of the Democratic National Committee has issued the official call for the National Convention to be held at Chicago July 7, 1896. Each State is entitled to representation equal to double the number of its Senators and Representatives in Congress and each Territory and the District of Columbia shall have two delegates. All conservative citizens, irrespective of past political associations and differences, are invited to join in sending delegates to the convention.

The gold men in the Senate are urging an immediate vote on the free silver substitute for the House Bond bill. The speeches of the silver men are displeasing to the goldbugs. They do not want the financial question discussed and rely on the House to defeat the bill.

CONGRESSIONAL PROCEEDINGS.

A Prayer for Bleeding Armenia.

WASHINGTON, January 27.—The two Senators from Utah, Frank J. Cannon and Arthur Brown, were on the floor of the Senate for the first time. They were the center of an animated group in the rear chamber, where the Senators gathered to extend to them a warm welcome.

Rev. Dr. Milburn, the blind chaplain, prayed eloquently for bleeding Armenia. "Hear our cry of agony," he prayed, "on behalf of the people of Armenia, despoiled and tortured, their homes in ashes, their men and women and children slain at the edge of the sword and their women dishonored. Arouse and unite the powers of Christendom, the Queen, Czar, Kaiser, and the kings and princes and their ministers and people, that the Sultan shall be forced to sheathe his bloody sword and stay the frenzied rage of his fanatical soldiery and subjects."

The induction of the Utah Senators occurred immediately after the chaplain's invocation. Dubois presented the credentials of Cannon, and Barrows those of Brown. The credentials were read and the two new Senators proceeded to the desk of the Vice President, where, with uplifted hand, the oath of office was taken. Brown was assigned to a desk in the rear and extreme left of the chamber, and Cannon to a place immediately in front of him. Baker presented a petition from Mrs. Waller, wife of a former United States Consul at Madagascar, reciting her husband's arrest, trial by drum-head court and transportation in chains to a French prison.

Mrs. Waller's petition recites: "By these acts France has held my husband, an American citizen, as an imprisoned felon for the past ten months, and I believe am sure that had my husband been a subject of Great Britain he would have long since been released."

Peffer offered a resolution calling upon the Inter-State Commerce Commission for information as to discrimination on passenger and freight rates to and from Missouri river points. The resolution went over.

Hepburn has given notice of an amendment to the Armenia resolution, instructing the President to give the Turkish Minister his passports and end all diplomatic relations with Turkey.

Hitt, Chairman of the Foreign Affairs Committee, rebuked Hepburn for his extraordinary proposal to sever diplomatic relations with a friendly power. "We want no relations with that murderer," replied Hepburn.

Hepburn's amendment to the Armenian resolution to give the Turkish Minister his passports was defeated.

The Armenian resolution, unamended, was adopted by the House by a vote of 143 to 23.

Dynamite and Suicide.

EVANSVILLE, Ind., January 27.—R. W. Steinknecker, a bricklayer, blew up his house with powder which he placed in a beer keg early this morning. Immediately afterward he went to his stable and committed suicide by shooting himself in the head. Steinknecker was a prominent and wealthy citizen. No one was in the house when the explosion took place.

A Fatal Dose.

NEW YORK, January 27.—Frank Sawyer, aged 24, a musician and composer, was found dead in bed yesterday. Sawyer had been in the habit of taking opium to induce sleep, and yesterday took an overdose, and according to the coroner, who gave a permit for the removal of the body, died from the effects.

TELEGRAPHIC NOTES.

Senator Mitchell of Oregon says he will stand firm for the free coinage bill and it will pass without the votes of the Utah Senators.

The ballot for United States Senator in the Kentucky Legislature yesterday stood: Hunter, 63; Blackburn, 55; Wilson, 10; Hazelrigg, 8; Bate, 1.

United States Ambassador Ransom at Berlin died yesterday in that city of heart trouble. The body will be taken to his former home in New Jersey.

W. C. Moody, son of the Oakland banker, V. D. Moody, had his skull crushed between the masts of his yacht and the wharf. A rough sea caused the accident.

An explosion in the Taylorstown Colliery, Wales, shattered the galleries and the whole town shaken. Fifty-four miners were in the pit, fifteen of whom are known to have been killed and many more are missing.

Farmers and miners in California are jubilant. The heavy rains have benefited both. Grain is coming up in the northern part of the State especially and placer mines are doing well in Shasta, Trinity and Siskiyou counties.

Yesterday Emperor William aroused the Berlin garrison early, the occasion being the celebration of his birthday. He was born January 27, 1859, and became Emperor June 15, 1888. He conferred the cross of the "Grand Commander of Hohenzollern" on several persons.

The south-bound train on the San Jose division of the Southern Pacific was ditched by a washout near South San Francisco and three cars went into the water. Engineer John Keyser was killed and Fireman Gill injured. Several passengers were injured, but not fatally.

Mayor Chiles of Helena, Montana, and Editor Leo Fairchild had a set-to. The Mayor took exception to an article in Fairchild's paper, and in the row which ensued wrong his nose. Fairchild drew a revolver and the Mayor released his hold. Both men stand

well in this community and it is expected that mutual friends will settle the difficulty.

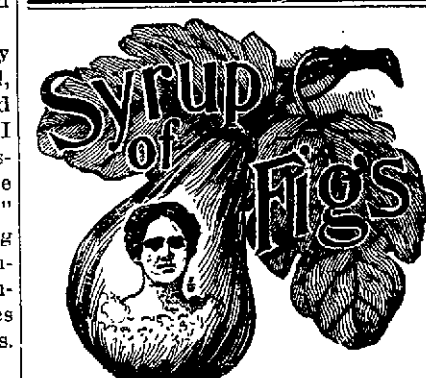

Deputy Coroner McCormack found the lifeless body of Martin Dougherty lying on the floor in a half nude condition at 21 Ripley street, San Francisco. The house had been ransacked by thieves and Dougherty's bank book in which he had \$1,800 to his credit is missing and his purse was found on the floor turned inside out.

The north-bound narrow gauge train collided with the flyer (broad gauge) at Santa Clara Junction, near San Jose, Cal. Two cars on the broad gauge and the engine of the narrow gauge were wrecked. Engineer Stanley had both legs crushed and Cory Ingalls, a passenger was seriously injured. Seven or eight passengers on the broad gauge smokers were injured. There was a wild stampede of passengers. It took an hour to extricate Engineer Stanley from the wreck. One of his legs was crushed to a pulp and the other broken.

MARRIED.

POOLEY-KELLETT.—In Reno, January 26, 1896, by Rev. Thos. McGill, John N. Pooley, to Mary M. Kellett.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

LOCAL AND GENERAL NEWS.

Items of Interest From Here, There and Everywhere.

The residents of Spring Valley, Lincoln county, have petitioned for the establishment of a postoffice there, to be known as Newlands.

The Supervisors of Inyo county, Cal., recently passed an ordinance reducing the sheep license tax of that county to 2 1/2 cents a head, just one-half of the former license.

The Wadsworth Dispatch says the little Parker boy who went to San Francisco for treatment has lost one eye. The cause was rubbing his eyes with his hand after being vaccinated.

The Carson Appeal says: "The News speaks of the 30 pieces of gold received by Judas Iscariot for betraying Christ. This is an error; he received 30 pieces of silver. Bad as Judas Iscariot was, he was no goldbug."

A large stream or creek that has been flowing through Antelope Valley for over thirty years has entirely dried up. Mr. Todkill, who is now in Carson, thinks the disappearance is due to an earthquake shock that visited the valley last Friday.

The Bodie Miner says the snow storm last week did not last long, but in good time while it lasted. There is on an average about two feet of snow. At first the stages had a little trouble on account of the drifts, but all are now running on schedule time.

The Board of Commissioners of Douglas county fixed the taxes for 1896 at \$2.75 on each \$100 valuation. The Courier says the tax is apportioned as follows: State 90 cents, school 40, general 90, road 40, hospital 10, contingent 5. This is the same as last year.

Fifty-six tons of ore from the April Pool mine at DeLamar that netted the owners about \$15,000, was recently sold at Salt Lake through the Taylor & Burton sampling works. The ore was in two lots, both high grade, but one containing thirty-six tons, selling at \$320 a ton, the other containing twenty tons and bringing \$135 a ton.

A BRUTAL ATTEMPT AT MURDER.

John Dias of Lander County Shoots His Wife—She Will Probably Die.

The Journal received the following special at late hour last night that announces another shooting in Lander county that will in all probability cause the death of a woman. The circumstances of the shooting or the cause was not communicated, but it is thought that the attempt at murder was in a fit of jealousy or drunkenness. The shooting took place at the Vaughan ranch that has already become notorious in the Lander county court as the residence of Vaughan, who killed the Lister boys some time ago. The dispatch reads as follows:

AUSTIN, January 27, 1896. Journal. John Dias shot his wife at the Vaughan ranch last night and she will probably die. The ball entered the abdomen to the right and below the navel, passed through the bladder and was extracted at the groin by Dr. Johnson at 9 this morning. The Sheriff has just arrived with Dias, who is now in jail. Dias fired two shots, the first shot missing. There were five witnesses to the shooting.

At the Opera House.

Fanny Rice as "Nancy at the French Ball" is simply immense. The Opera House was crowded, notwithstanding the rain and the audience was kept in the best of humor during the entire evening. Her company is composed of the best of people; there are no sticks; everyone has his or her part to do in the makeup of the play and does it well. Fanny Rice is a favorite from the moment she comes on the stage and many of her little pieces of acting were as cute as one could wish. Her doll act in the cabinet is one of the greatest hits of the season. No one should miss the opportunity to see her. The company goes to Ogden and from there East.

Cure for Headache.

As a remedy for all forms of headache, Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only fifty cents at S. J. Hodgkinson's Drug Store.

It will be to your advantage to consult us before placing your insurance elsewhere. We represent twenty-eight American and foreign companies, with aggregate assets of over \$250,000,000.

Brought Back for Trial.

Sheriff Raffney of Yavapai county, Arizona, arrived from the west Sunday evening, having in charge J. P. Boone, wanted in Esmeralda county for the murder of Antonio Bacoch. The prisoner was heavily shackled and was confined in the jail here until yesterday morning, when the Sheriff and his prisoner continued on to Carson. A reward of \$500 was offered for Boone's capture. It is not likely that he will get off very easily.

ABSOLUTELY PURE

An Earthquake.

Virginia was visited by an earthquake to-day. The shock occurred at four minutes past 1 o'clock P. M., and it was felt very distinctly by a good many people. It was not particularly strong and was hardly or not at all noticed out of doors. Consequently it was not felt by the generality of people, and therefore did not cause much comment. It was felt in buildings that are inclined to rock more than elsewhere and it swayed some of them very perceptibly. It seemed to move from east to west and was brief in passing. It is some time since the last earthquake period, and it is to be hoped for the sake of timid people that the next is a long way off. It is said that there were some lighter shocks earlier in the day.—Virginia Chronicle.

Yesterday's Carson News says: The earth has been in almost a constant tremor to-day, with s's distinct shocks recorded.

The heaviest shock occurred at about 1 o'clock. A quantity of plastering was shaken down in the county building. No shocks were reported as far as heard from in Reno. It is likely that the disturbance is local. Many believe that the shocks are a repetition of the phenomena that occurred on the Comstock last winter.

Prof. Krall's Musical.

Prof. Krall of Virginia City will give a musical in McKissick's Opera House on February 4th for the benefit of the Student Gymnasium Fund. He is to be assisted by his students and Miss Mabel Stanaway. A special train will be run on that night from Virginia and the proceeds which come from the train and the musical will be turned over to the students, who have taken it upon themselves to raise \$1,000 for the gymnasium.

Tickets can be procured at Lake's book store for the sum of 50 cents. There will be no reserved seats in order to give those who come on the special a chance for good seats.

This entertainment is not one of the series of four, for which reason tickets have been sold and consequently season tickets will not admit the owner on this night.

Pooley-Kellette.

A quiet wedding took place in Reno Sunday, John M. Pooley and Miss Mary Kellette being the contracting parties. Rev. Thomas Magill officiating. Mr. Pooley will be known as the gentlemanly local agent of two or three San Francisco hotels, as well as hotels in Omaha and Chicago. He has many friends who will be glad to hear of his good fortune in his venture of choosing a life partner.

Miss Kellette is a resident of Reno and has a large circle of friends. She is a young lady of worth and will be a worthy addition to the house of Pooley. The Journal extends congratulations to the young couple and wishes Mr. and Mrs. Pooley a calm and happy voyage over the matrimonial sea.

IN OLDEN TIMES.

People overlooked the importance of permanently beneficial effects and were satisfied with transient action, but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system.

A Private Question Answered Publicly. Every day I am asked the following question: "Mrs. Hunter, tell us honestly, do you think Viavi as good as represented?" Yes, my friends, better! I have handled it over three years and each year my faith has grown stronger. If you want good health use it faithfully and you will not be disappointed. Mrs. B. E. HUNTER.

Justice Court.

The case of Torreyson & Summerfield vs. Wm. Thompson occupied the attention of Judge Linn yesterday. Plaintiffs sue defendant for \$100 for services rendered as attorneys. The evidence and arguments of attorneys were heard by the Court and the case submitted.

PREVITIES.

A. E. Murdock of the northern country was in town yesterday.

E. Cohn arrived from Carson last evening and remained over.

Ed. Hardin of Humboldt county is in Reno on a short visit. Whenever Ed. is in town it is generally known by his hearty laugh.

Attorney-General Beatty received a telegram stating that Governor Jones is steadily gaining in strength and the pain has all left him.

Robert Grimmon, formerly Superintendent of the Orphans' Home will take charge of the management of the Arlington House at Carson.

Ed. Hardin and Tom Brown were talking over their boyhood days in Petaluma yesterday. They were little tads then and both wore knee pants and fired mud at each other. Ed. was a fat little fellow then and Tom was a towhead. Now they are both at the noonday of life, but are boys yet.

How does it happen that beef cattle from the head of the Sacramento in California are being shipped to Omaha, while beef cattle from the eastern part of Nevada are being shipped to San Francisco? Cattle from California going east and cattle from Nevada going west are unloaded here to feed and rest.

At the municipal reform meeting in Chicago it was decided to appoint a central body of one hundred citizens who shall have charge of the detailed work of the campaign and act independently of the old parties. The municipal reform party will nominate candidates for every city office from Mayor to Constable, and if possible break up the ring, which now runs the city government and plunders the tax payers.

A short time ago our contemporary was parading the assertion that our Senators and Representatives had no influence in Congress. Now our contemporary endeavors to make it appear that Senator Jones, one of the eleven members who compose the Senate Finance Committee, is not only running the committee, which has a Republican majority, but the whole Senate. Of a verity, our contemporary is, to say the least, peculiar.

The Reed men charge that McKinley's friends have spent \$100,000 in the South within the last few months. They say that \$40,000 was spent in Louisiana alone to control the delegation from that State. The McKinley men make counter charges and say Reed's friends have flooded the South with money. From what is said by the managers of the rival candidates of each other a vote in the National Convention will be worth at least as much as Langerin's knowledge of the mint steel.

The Discovery Saved His Life.

M. G. Caillouette, Druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail, and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use, and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it!" Get a free trial at S. J. Hodgkinson's Drug Store.

District Court.

The District Court was occupied yesterday morning in hearing the argument on a demurrer in the case of J. V. Peers, administrator of the estate of Felix Monet, deceased, vs. T. A. Read. The case of Donlan vs. Clark was argued and submitted.
